Many community organizations are hosting pop-up clinics to increase access for eligible teens and adults. The Pfizer vaccine will be available for people ages 12 and older on Thursday, June 3rd from 2pm – 8pm at Vineyard Church, 1597 County Hwy V, Grafton. Walk-in or sign up at:

Saint Mary's Immaculate Conception in West Bend will also be hosting a clinic on Saturday, June 5 from 8am – 12pm in St. Mary's school gymnasium: 406 Jefferson Street, West Bend. Appointments can be made at <https://onsitehealthtesting.com/signup/WOHD> or walk-in between 8am – 12pm to receive the Pfizer (12+) or Johnson & Johnson (18+) vaccine.

All available COVID-19 vaccines are effective at preventing COVID-19 disease, especially severe illness and death, and they reduce the risk of people spreading COVID-19 to others. A person is considered fully vaccinated 2 weeks after the second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or 2 weeks after a single-dose vaccine such as Johnson & Johnson's Janssen vaccine. Because the Johnson & Johnson vaccine is a single-dose vaccine, it offers the quickest path to full protection.

Residents that need transportation to a vaccine appointment can receive a free ride to and from their appointments by calling Transit Services in Ozaukee County and Washington County. Wheelchair accessible vehicles are available upon request. Washington County Residents can call (262) 338-2908. Ozaukee County residents can schedule a ride through Shared Ride Taxi by calling (262) 284-8294.
